RENEWED PETITION UNDER 37 CFR 1.137(b)

02/25/2008 LLANDGRA 00000061 161445 10593134
01 FC:1464 Sir: 130.00 DA

In a paper entitled "Decision on Petition (37 CFR 1.137(b)) dated 17 January 2008 (Hereinafter, the "Decision"), it is stated that "Applicants' petition for revival under 37 CFR 1.137(b) is DISMISSED without prejudice for failure to satisfy all the requirements of a grantable petition. If reconsideration on the merits of this petition is desired, a proper response must be filed within TWO (2) MONTHS from the mail date of this decision." This Response is filed to satisfy the requirements of a grantable petition.

A grantable petition under this section must include: (1) the required reply, unless previously filed; (2) the petition fee required by law; (3) a statement that the "entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to this paragraph was unintentional;" and (4) any terminal disclaimer and fee required pursuant to 37 CFR 1.137(c).

Item 1. Required Reply. In order for the petition to be grantable, applicants are required to file a proper response, which must include "the materials required to complete the "required reply," that is, a grantable request under 37 CFR 1.497(d) to correct the inventorship herein to include Maurice Daniel GIVENS (so as to permit acceptance of the revised declaration filed 12 December 2007)." The requirements for the required reply include (A) a statement from each person being added as an inventor and from each person being deleted as an inventor that any error in inventorship in the international application occurred without deceptive intention on his or her part; (B) the processing fee set forth in 37

CFR 1.17(i); and (C) the written consent of the assignee if an assignment has been executed by any of the original named inventors (see 37 CFR 3.73(b)).

Accordingly, included herein is a statement from Dr. Givens that the error in inventorship in the international application occurred without deceptive intention. No persons are being deleted as an inventor. Also included are the processing fee set forth in 37 CFR 1.17(i) and the written consent of the assignee to add Dr. Givens as an inventor.

Item 2. Petition Fee. The Decision stated Applicant has paid the required fee, Item 2 is satisfied, and no additional petition fee is required.

Item 3. Statement Regarding Unintentional Delay. The Decision stated that the filed petition for revival included the required statement and that Item 3 is satisfied.

Item 4. Terminal disclaimer. The Decision stated that this Item does not apply to the present application.

This Response is timely filed, within two months of the mailing date of the Decision. The Director is hereby authorized to charge any deficiency in the fees filed, asserted to be filed, or which should have been filed herewith or with any paper hereafter filed in this application by this firm to our Deposit Account No. 16-1445.

**RENEWED PETITION UNDER 37 CFR 1.137(b)
Statement in Support of Petition to Correct
Inventorship in a US National Stage Application**

Sir:

This statement is provided in support of the Petition to Correct Inventorship in the above-referenced application. The published international application identified two applicant/inventors for the United States: Michael Aaron Ellsworth and Cassius McAllister Tucker. However, I believe that I was also an inventor and this application should also include my name.

The omission of my name as a co-inventor on the above-identified international patent application occurred as the result of an error without any deceptive intention on my part.

Respectfully submitted,

Maurice Daniel Givens
